CSE221: Algorithms

Ice Breaking

Course Instructor

- **A B M Muntasir Rahman**
  - Lecturer, Dept. of CSE, BRAC University
  - Email: abm.muntasir@bracu.ac.bd
  - Desk No: 4L95
  - Consultation Hours: Coming Soon!

Course Information

🗓️ **Theory Class Schedule:**
- **Section 07:** Sunday - Tuesday | 8:00 AM - 9:20 AM | Room: 09A - 02C

💬 **Communication Platform:**
- Slack (Invitation Link will be sent soon)

📚 **Course Materials:**
- CSE221 Resources [MUNR]

Assessment Methods

📝 **Lab**

- **Evaluation Criteria**
  - Assignments (5%)
  - In-lab quizzes (20%)
  - **Assignment submission will be in CodeForces and In-lab quizzes will be checked by automated checkers.**

- **Weight:** Contributes **25% of total course marks.**

Assessment Methods

📝 Assignments

- **Total Assignments:** 4 will be given, and **all scores will be counted**.
- **Deadline:** 1 - 2 weeks. (You will have to submit scanned PDF of handwritten work.)
- **Schedule:**
  - 2 **assignments** before midterm
  - 2 **assignments** after midterm
- **Weight:** Contributes **5% of total course marks.**

Assessment Methods

⚠️ What NOT to do

- **Do not miss deadlines**
  - Each assignments will have deadline of 2 - 3 weeks. Submit your assignments within deadline.

- **Avoid AI overreliance**
  - Assignment tasks are derived from previous midterm/final exams. Avoid copying the whole answer from AI. You can use them for guidance, but not for replication.

Assessment Methods

📝 **Quiz**

- **Total Quizzes:** 4 will be conducted; **best (n – 1)** scores will be counted.
- **Duration:** 20–30 minutes each (**in-class**).
- **Schedule:**
  - **2** quizzes before midterm
  - **2** quizzes after midterm
- **Weight:** Contributes **20% of total course marks.**

Assessment Methods

✅ Important Reminders

- **Attend quiz only in your assigned theory section**
  - Taking the quiz in another section **is not allowed**.

- **No makeup quizzes**
  - **No retake opportunity** if you miss a quiz since we are counting (n - 1) scores.

Assessment Methods

📝 **Midterm**

- **Duration:** 1 hour 10 minutes - 1 hour 30 minutes (tentative)
- **Schedule:**
  - During midterm week (tentatively 26th July)
- **Weight:** Contributes **20% of total course marks.**

Assessment Methods

📝 **Final**

- **Duration:** 1 hour 20 minutes - 1 hour 50 minutes (tentative)
- **Schedule:**
  - During final week (tentatively 13th September)
- **Weight:** Contributes **30% of total course marks.**

Things to remember

- **70%** attendance is mandatory in theory classes and **90%** attendance is mandatory in lab classes to sit in theory final examination.
- Try to submit all assignments and quizzes - these will serve as practice material for midterm and final exams.
- **Consistent hard work is essential to succeed in this course. Stay engaged and proactive throughout the semester.**
